20 years later ...

Dear teachers,

Welcome back for another school year that waits for you to unfold many challenges from students, parents, as well as, from the educational system itself.

For us, this school year comes with a celebration: 20 years of Express Publishing in Romania! We are very proud and happy we have been able to offer you highly qualitative learning & teaching materials. I think together we have contributed to increasing the educational standards in our country and this must be celebrated! So, get ready to celebrate together a decade of Express Publishing in Romania!

We have prepared an Express Publishing Book Tour all around Romania, workshops and seminars, lots of special offers, contests and prizes, as well as meeting you for our National Conference in May next year! So, stay tuned so as to go for all 20 fun activities that mark 20 years of teaching and learning with Express Publishing!

For us, this anniversary year is twice special because it brings for us a new beginning: French learning and teaching materials on our market in partnership with Trait d'union Publishing House. We kindly ask you to spread the good news among the French teachers in your school. Although our collaboration with Trait d'union is at the beginning, we assure you we will undergo the necessary steps to get approval for Trait d'union materials which we hope you'll find useful, efficient and accessible. We are looking forward to meeting French teachers throughout the year for workshops on Trait d'union materials and preparing special offers and free resources for teachers.

As you surely know, for the past five years, Uniscan, through Active Learning Publishing House, has been involved in designing materials for counselling and personal development classes you are to run as form masters. We have managed to bring ministry approved books to your attention, an activity book with activities for preteens and this year is the first to bring a teacher's book for the form masters which can be accessed for free. We have plans to offer you support in this delicate field and be here for counselling and support.

Starting this year, the access to the teacher's resource materials in the Teacher's Room/Espace Prof/ Ora de dirigentie sections will be locked for the general public, especially to limit the student's access to the materials that contain the answers to activities. Teachers can unlock the access to these sections by creating a teacher account.

You will receive a key code to validate your teacher's account and you can access the free materials for teachers when logged in to your teacher account.

This year is also special for us as we launch the Educational Program, Education 4 All. For the past 15 years we have been involved - through Active Learning Training Center - in teacher training activities for teachers and personal development activities for students. This year we also want to include parents in our Education 4 All project. We invite you to become active partners and run this project in your school. We invite you to find out more information about this by visiting our website www.activelearningtrainingcenter.ro or by talking with a Uniscan representative.

Last year we opened the DA Center which offers psychological support for children, teenagers and parents, for families in difficulty. We are also present for school institutions with personalized psychological support. We invite you to discover more information about the DA Center on our website www.suportpsi.ro

Last, but not least we have launched this year a magazine addressing teachers, psychologists and parents, called Trianglu. You can download it for free this year from <https://suportpsi.ro/coming-soon/>. Issue nr. 2 of the magazine will come out this autumn and will bring a challenging theme: "Părinții de ieri, copiii de astăzi". Enjoy reading!

Thus, we are here for you, to make your school year special, beautiful, to provide the resources and support you need to carry out your teaching activities in a pleasant, efficient and easy way, to be partners in education, satisfaction and professional fulfilment. I wish you a beautiful school year, with professional and personal insights and achievements.

Best regards,
Simona Popa
